Hot Water Bottles.

We don't claim that the Esquimo uses a hot water bottle but he would if we were running a drug store in Greenland; because we would call his attention to our complete line of these goods at bottom prices. We are liable to have some Arctic weather this winter—cold enough to make people think they're on an iceberg. It will be a good time then to think of our hot water bottles.

MARIETTA DAILY LEADER

MONDAY, DEC. 7, 1896

PERSONAL AND LOCAL.

—Business Locals on fourth page.

—Mr. Frick, of the C. D. & P. Telephone Company, is in the city making arrangements for installing new switch-boards in the central office here. With the new apparatus the work of the office will be greatly facilitated and the service much improved.

—The discontinuance of the running of street cars will work considerable hardship in the case of persons living in the upper part of town, especially at this time. It is suggested, as the electric line will probably not be in running order for several weeks, that a bus line on Third street would be a paying investment in the interim, especially at the times when working people are passing to and from their places of occupation.

—China for decorating. All sorts of pretty things. See them at Mrs. C. W. Holz's, 286 Front St.

—The Melville company, who will appear at the Auditorium at popular prices this week, arrived in the city last night and are quartered at the Bellevue.

—The cars of the Marietta street railway were hauled over the Third street paving Sunday and placed in the stables, making an end of operations on the horse-car line which has been running for four years. The work of tearing up the track for the Fourth street paving will begin today.

—The new fast freights on the B. & O. S. W., which were put on the road some time ago, have been playing havoc with the express companies operating over the road and may cause trouble, owing to the fact that the latter corporations have a close contract agreement with the railroad company. Merchants and all shippers find that goods shipped by the special fast freights arrive at their destination almost as soon as when shipped by express, while the charges are less than one-half of the express charges.

—The property of the McKinney coal company which was burned last week was insured for \$11,000 and valued at \$15,000.

—Arrangements are being made for the display of weather signals from the Marietta wharfboat, which innovation will be gladly welcomed by river men.

—Mr. and Mrs. G. S. Mitchell, of Cresson, Pa., are visiting Mr. and Mrs. W. H. Lord.

—The Junior classes of the two colleges were delightfully entertained Friday evening by Prof. and Mrs. E. E. Phillips. Among those present were: Misses Eddy, Plannette, Chamberlain, Schwesinger, Cadwallader, Elston, Roeder and Cotton and Messrs. Bovie, Maury, Lawton, Henking, Mergier, White, McKinney, Williamson, I. J. Jones, J. E. Jones, McClure, Sugden, Sloan, Judd and Payne.

—New England supper served at the Bazar of Nations at the Unitarian church both Thursday and Friday evenings of this week. Watch the papers Wednesday for the menu.

—Rev. and Mrs. Thomas D. Henshaw, of Spring Creek, Pa., are in the city, having been called here by the serious illness of the latter's mother, Mrs. J. Worster.

—Prof. Chas. A. Bukey, of Parkersburg, was a business visitor in the city Saturday.

—Mrs. G. P. Devo, of Beverly, was the guest of friends in the city Saturday.

—At a meeting of the College Athletic Association Saturday Mr. W. E. Sykes was elected manager of the football team for 1897. The work of arranging games for next season will begin at once.

—The Virginia arrived down from Pittsburgh Sunday evening with an unusually heavy trip of freight. The Lorena arrived Sunday afternoon and left for Zanesville, also with a heavy trip.

—A lively altercation took place on Front and Putnam streets Saturday evening between A. D. Alderman, of the Register, and the manager of the Holmes & Woolford company, the latter refusing to pay a bill for the printing of tickets for the company. The matter was finally settled by the manager paying the amount of the bill.

—Greene street, between Front and Second, was the scene Saturday night of a lively fight between a number of boiler workers and others. The trouble was probably the result of drunkenness. No arrests have yet been made.

—Rudolph Urschel, a coat maker in the employ of Hamilton & Heidrick, has resigned his position.

—Mrs. C. W. Holz has just received an elegant and well selected stock of cut glass for Christmas trade. See it.

—Mr. Thomas Gent, of Wheeling, was the guest of friends in this city Sunday.

—Mr. Beman Dawes was down from Newark over Sunday and will leave today with his family for that city, where he has business interests and will reside.

—Beautiful Christmas presents on sale at the Bazar of Nations given at the Unitarian church Thursday and Friday evenings of this week.

—Mr. James Holden, Front street, who for several weeks past has been ill, is, we are glad to state, improving.

—The Prettyman family enjoyed a reunion at Williamstown Sunday, in honor of the mother, Mrs. Lydia Prettyman, who is in her eightieth year.

—A marvel of choice goods for Christmas at Mrs. C. W. Holz's, 286 Front St.

—Mr. E. J. Lobdell is preparing to light his large factory with electricity. The fluid will probably be turned on tonight.

—A telegram from Parkersburg Saturday says: "Hon. Charles T. Caldwell, preacher, lawyer, politician and author, was sandbagged near his home on Prospect Hill about 7 o'clock tonight by two unknown men. After rifling his pockets they left him lying insensible in the street."

—Truman Harris, who fell into the engine pit at the T. & O. C. shops a few days ago, is in a serious condition and it is feared he is internally injured.

—Mrs. Crocke will be at Mrs. Dye's about Dec. 7th with her hair goods.

—Bazar of Nations at the Unitarian church Thursday and Friday evenings of this week.

—It is announced that the U. S. Express company will adopt a new rule to avoid the usual rush of the holiday season. Patrons of the company can send their packages intended for Christmas presents, a week or more in advance, and they will be delivered the day before, or on Christmas day. A special label will be placed upon the package giving name and address of shipper. No extra charge will be made.

—The meeting of baseball promoters to organize a minor Ohio League will be held in this city today, probably not until evening. There seems little doubt now of the permanent organization of the League and the universal belief is that it will be a paying venture.

—Mrs. George H. Lord is expected to arrive home today from Gallipolis, where she has been visiting friends.

—Mr. Chas. Jones, the Front street merchant, left Saturday for Cincinnati.

—William Sanderson, of Cambridge, a brakeman on the C. & M., was seriously hurt Friday evening by being struck in the face and breast by a push-pole which slipped from its position.

—Drs. Frame and Shipp performed a very delicate operation on the sixteen-month-old daughter of A. Hunter, of Little Hocking, O., this week. They removed a blood tumor about the size of an orange and the little patient is now well on the road to recovery. —Parkersburg Journal.

—The opening of bids for the special sewer bonds occurred Saturday noon as advertised and were as follows: (All include accrued interest.) Parson, Leach & Co., Chicago, \$3,000; Lamprecht Bros. & Co., Cleveland, \$3,015; Spitzer & Co., Toledo, \$3,047.49; Seaton, Good, Meyer & Co., Cincinnati, \$3,112.75; and Rudolph, Kleybolte & Co., \$3,121.80. The latter firm, being the highest bidder, will be awarded the sale tomorrow night in regular session of Council.

—The Masons of this city are preparing for a big time at Belpre Hotel at an early day.

—A workman in Lobdell's rim works had the misfortune to catch an arm in a pulley Saturday, and the member was pretty badly sprained. It will lay him up for a week or such a matter.

—The December committee will give a social circle Tuesday evening. Early supper; everybody invited.

—Night Watchman Joseph Young's mother has been ill for several days, but is improving. Mrs. Young's home is at Hannibal, Monroe county.

—The McNeerney-Randall wrestling match will be held at Parkersburg December 14th.

A Cargo of Nitroglycerine.
We are informed that one day next week a cargo of 3,000 quarts of nitroglycerine will be brought down the Ohio to Parkersburg and then sent on up the Kanawha for use in the Burning Springs field.

The explosive will be carried in a flatboat similar to the one blown up here several years ago, and will be in charge of George Buckhannon, who has been handling it for several years. It is hardly probable that any of the officers will interfere with his attempt to pass up the Kanawha. —Sentinel.

MOTHERS, DON'T SCOLD

Your Children—They Are Not to Blame—try to Help Them.

Many a mother on reading this will appreciate the boon the information will bring. Thousands of children have been scolded time and again for a so-called habit when they are not to blame. Wet beds have been the resting place of the little ones night after night and no amount of chiding or scolding could prevent a repetition. If mothers only knew their little boys and girls were not to blame—they cannot help it. It is not a habit; it is simply weak kidneys. At last a preparation has been found so gentle in its action that the youngest child can take it. We refer to Doan's Kidney Pills, and when the public know it there need be nothing but sweet, dry beds for the children and no more need for scolding. Read what a Springfield, Ohio, parent has to say about it. K. T. Bailey, cashier, United States Express Company, Springfield, says: "We have a little girl who is now six years of age. Ever since infancy (but it has been more marked of late years) she has been unable to retain the urine naturally. There seemed to be no power of retention. It was the same through the day and night. It occasioned us a great deal of worry, for in spite of different kinds of medicines which we used and professional treatment she became not a whit better. We could not take her anywhere with comfort and altogether were greatly concerned for her. Some physicians had expressed the opinion that she would have to outgrow it, but as she grew older there was no sign of improvement. Willing to do anything we at last were prevailed on to get some of Doan's Kidney Pills for her. There was a perceptible change during the use of the first box. The truth seemed to dawn upon her that control was needed. We got another box and she took them also; now she is well. Retention and expulsion is properly regulated. She is looking better and thriving right along. The weight of care and trouble which the happy change has lifted off our minds is worth a great deal to me. Anyone wishing to know anything about this would be gladly told either by my wife or myself—any written endorsement of Doan's Kidney Pills could not, as far as I am concerned, be made strong enough."

Doan's Kidney Pills are sold for 50 cents per box or 6 boxes for \$2.50 by all dealers, or mailed on receipt of price by Foster-McClellan Co., Buffalo, N. Y., sole agents for the United States.
